

Major and Minor Scales

There are basically 4 significant types of scales that make up the majority of music: major & 3 kinds of minor. The name of the scale will be the first note of the scale. For example, the major scale that starts on "D" is called "D major". Use this chart to find scales in any key:

Major							Melodic Minor (Major with lowered 3)							Harmonic Minor (Major with lowered 3 & 6)							Natural Minor (Major with lowered 3, 6, & 7)
